- Some students have a background, identity, interest, or talent that is so meaningful they believe their application would be incomplete without it. If this sounds like you, then please share your story.
- Describe your long- and short-term goals and how you've come to that determination.
- Describe a change you would like to make in the world. Tell us about how you would plan to make that change, and what obstacles you might encounter along the way.
- Tell us three things that are important to you. How did you arrive at this list? Will these things be important to you in ten years? Why?
- The lessons we take from obstacles we encounter can be fundamental to later success. Recount a time when you faced a challenge, setback, or failure. How did it affect you, and what did you learn from the experience?
