4-H Nova Scotia Livestock Registration

Year:_____ Club:_____ County: _____

This registration sheet must be submitted to your Agriculture Extension Coordinator (NSDA) by **May 15** of the current 4-H year to provide the necessary information for livestock clerking sheets and barn layouts for county 4-H shows. All livestock must be registered. **PLEASE NOTE**: After Achievement Day, no livestock substitutions can be made. Please group livestock types together (i.e., beef together, then sheep, etc. or perhaps each project leader will want to do their own sheet.) ***Pre-registration forms are still required for the Royal Dairy Classic and the Canadian Junior Beef Heifer Classic.*** To avoid duplication, there is no need to submit the information for dairy calves that register for Royal Dairy Classic, as the AEC has this information already. However, please register the animals of dairy members who do not submit a Royal Dairy Form.

Member's Name	Junior / Senior	Animal			Show Category (i.e., Jr. Angus; ewe lamb; other)
		Breed	D.O.B.	Sex	

Last Revised: April 2019
