Requesting Supplies: Counties who require supplies (provided by the Show Hosting County) for their competitions must submit a '4-H Provincial Show Requirements' form by **July 31st** to 4-H Nova Scotia (Gillian) at info@4hnovascotia.ca. Project Competition guides are available through your Regional Agriculture Extension Coordinator. If you have additional questions or concerns, please ask your Regional AEC. Please be sure to review the Competition Guide before submitting your request. Please be clear with your requests. These requests should only consist of items your county cannot transport to the show (e.g. tables, chairs, stoves, etc.). Please keep in mind that the Hosting Committee will make every effort to provide what has been requested; however, the committee already has a big job, so please try to keep requests to a minimum.
